

SOLDIERS CALLED TO QUELL MINERS.

JOHNSTOWN, PA. COMPANY ON THE MARCH.

Riot Spirit Disappears From Indiana Strikers—Coal Trains Moving Without Interference—Probability That the Strike May Be Settled This Week.

JOHNSTOWN, Pa., June 4.—The local military company is under orders to move to the mining region at South Fork, where trouble is expected.

CANNELBURG, Ind., June 4.—The strike is practically off and the larger portion of the troops now here will be sent home. A gatling-gun squad and about 100 troops may remain. At 1 o'clock yesterday Adjutant-General Robbins held a conference with Vice-President Purcell of the district board and I. N. Cassidy in which the men were told that troops would be withdrawn if the miners would promise that there should be no more interference with movement of trains. Purcell gave the required promise and all day there was a steady movement of coal trains. By to-night every ton of coal heretofore tied up will be at or on its way to its destination. The state troops marched into Clark's station yesterday morning 500 strong with a gatling gun to find that only about fifty miners had staid to face the music. Sheriff Leaning placed three of the leaders—Squire Summers, Dick Gate and John Flynn—under arrest, taking them to Washington, but releasing them under bonds of \$1,000. As soon as the troops were in line the railroad men at once repaired the track and the loaded cars were taken on west. The thousand miners who were reported en route to Clark's station did not materialize, neither had they collected at any point along the Baltimore and Ohio Southwestern. The miners say as soon as the troops are withdrawn they will again stop all coal cars, but anticipating this two companies will be stationed at Clark's until all fear of trouble is past. Everything in this city is quiet, and there is a general feeling of relief among all classes.

TROOPS MOVE COAL CARS.

Miners at Shelburn, Ind., Offer No Opposition to the Soldiers.

SULLIVAN, Ind., June 4.—The special train bearing the six companies of militia and Sheriff Mills left here yesterday at 11 o'clock to move the seventeen cars loaded with coal sidetracked by the miners at Shelburn. Sheriff Mills stopped the train south of the depot, got his soldiers all ready, then made a march and surrounded the train. They came in through the crowd of miners and citizens who were there, then surrounded the coal train. No demonstrations were made by the miners who were present. One woman with a pistol under her apron marched out ready for action with the militia, was caught and the pistol taken away by Sheriff Mills. This was the only incident and as soon as the trainmen could get the train in shape, which took them nearly an hour, the track was again cleared and the coal train started out with the coal. The miners had each car branded "seab coal." The miners made threats that this did not mean much to them and that the Evansville & Terre Haute should not ship coal unless they kept a standing army at Shelburn all the time, and claiming that no more coal should pass through there until this was settled.

As soon as the miners on guard heard of the militia at Sullivan they began firing an anvil to let the outside miners know what was coming, but they did not get their expected help. After the militia had finished their work they came back to Sullivan and went into camp at the fair grounds. Sheriff Mills left Shelburn, going on to Alum Cave and demanding the coal the miners had side-tracked. They gave it up without much difficulty. The militia are here awaiting further orders from the sheriff.

WAITE WILL NOT CALL TROOPS.

Miners at Cripple Creek Preparing for a Desperate Battle To-day.

DENVER, Colo., June 4.—It is not thought Gov. Waite will call out the militia, though Gen. McCook, located at Fort Logan, has prepared himself for a call and is in readiness to respond.

CRIPPLE CREEK, Colo., June 4.—All day yesterday the striking miners were on the alert, expecting any moment some of Sheriff Bowers' deputies would appear in some portion of the camp. The men are now confident they will be attacked some time to-day and that the hour may be directly after midnight. All men not necessary to guard approaches to Bull Hill and forage for supplies have been massed about the fortification, and their number is slightly over 1,800. The towns of Victor, Anacosta, Mound City and other places are in the possession of squads of armed strikers.

The plan of the strikers is to meet the deputies and make as strong a stand as possible, and if necessary to retreat to Bull Hill, where a desperate stand will be made. The miners now look forward to a battle the end

of which will be for them either victory or extermination. Open threats against Colorado Springs are made. It is expected Deputy United Marshals Wise and Brown will soon arrive in camp to serve summons on the officers of the union to appear in St. Louis in the Court of Appeals. They will offer no resistance, as they fear federal authority.

H. N. Woods, president of the Woods Investment company, was taken in charge at 9 o'clock by a large body of miners and carried up to the fort on Bull Hill. His wife was present when he was taken, and is almost frantic. The men told her she need not worry, as they would release him in the morning. The cause of the kidnapping is not known.

STRIKE TO CULMINATE THIS WEEK.

President McBride Discouraged at the Action of the Men.

COLUMBUS, Ohio, June 4.—The present week will witness probably the culmination of the miners' strike. There will either be a truce pending a general settlement or a more furious outbreak. President McBride is discouraged at the action of miners in stopping coal trains and terrorizing the people, for all these acts are done against his wishes and in defiance of his expressed command. The riotous miners pay no attention to the orders of the national officers and President McBride says if the present course is persisted in the strike is lost. Gov. McKinley has sent no troops to Belmont county and will not do so unless further complications arise.

Some of the Hocking Valley operators are indignant at the statement sent out from Chicago to the effect that they contemplated filling their mines with negro labor. They say they have never entertained any such idea.

MASSILLON, Ohio, June 4.—J. S. Morton, who is perhaps the leading Hocking Valley operator, says he is satisfied that a satisfactory arrangement will be effected with the miners of Ohio, Pennsylvania and Indiana by to-morrow and work resumed in a week thereafter.

BLUEFIELD, W. Va., June 4.—Coal was hauled out as usual yesterday from the Flat Top field, going both east and west. Arms have been distributed throughout the Norfolk & Western system and west-bound coal trains have been supplied with guards to protect life and property.

more Trouble Feared at Brazil.

BRAZIL, Ind., June 4.—The report current here that a detachment of militia had been ordered to this city from Washington, Ind., created much excitement among the miners. Three trains of twenty flats of Pennsylvania coal passed west on the Vandallia yesterday afternoon, one running on No. 1 passenger train time closely followed by this train. This is done, said a railroader, to block the passenger in case the coal is stopped. The telegrams from Anderson claiming that the guns stolen from hardware stores there were sent to the miners here are wholly false.

Pana Strikers Return to Work.

PANA, Ill., June 4.—The strikers in Pana have lost hope of securing the help of the railroad men, and as a consequence a larger number will be at work in the morning than at previous morning since Gov. Altgeld sent the militia here. The superintendent of the Pana Coal company posted notices Friday to the effect that after Monday morning the places of all who were not at work would be declared vacant and their services no longer wanted. The result of this was that over 100 have signified their intentions of going down again.

Iowa Miners Desert Their Camp.

OSKAHOOSA, Iowa, June 4.—Most of the 600 striking miners who were in camp near Evans Saturday left for their homes during the night or early in the morning. Yesterday's barbecue was to be the signal for a monster mass meeting of miners, but at noon less than 100 were in camp, not enough to eat the roasted ox. This failure is thought to foreshadow the collapse of the strike.

Fear Trouble at Wheeling Creek.

BELLAIRE, Ohio, June 4.—The representative has just arrived from the seat of the miners' troubles at Wheeling Creek. All the conditions are ripe there for a bloody encounter. Four hundred miners are in camp at that point, and will allow no trains hauling coal to pass over the line. The miners are thoroughly ugly, and will not listen to reason.

Negro Miners Go to Pennsylvania.

BIRMINGHAM, Ala., June 4.—A consignment of 200 negro miners left here yesterday for Johnstown, Pa., to take the place of striking miners at that point. Several others will follow. Pennsylvania operators have agents in this district to contract with the negroes, and it is said they have signed up as many as a thousand.

Illinois Man Honored by the Y. M. C. A.

CHICAGO, June 4.—I. E. Brown, who was appointed international secretary of the Young Men's Christian association at the national jubilee now being held in London, has held the position of state secretary of Illinois for fourteen years. In 1880 he was superintendent of public schools at Decatur, where he then lived. He resigned that position when elected to come to Chicago. He proved to be the first successful secretary the association ever had, the work progressing wonderfully under his guidance.

MANY PLANS READY FOR STATE BANKING

NUMEROUS SCHEMES OF ITS ADVOCATES.

The Many Different Ideas Discouraged Friends of the Measure—Sugar to Be Discussed in the Senate This Week—Bankers Talk of Bonds—Cooper's Greenback Tax.

WASHINGTON, June 4.—The outlook for the week in the house of representatives is so much in doubt that a democratic caucus may be necessary to agree on a plan of action on the state bank question. The debate has shown the state bank men that they are liable to be defeated by inability to agree on any one of the many plans discussed. As the state bank principle was incorporated in the democratic national platform, the leaders are loath to see the bill defeated, so that a caucus may be called for the purpose of formulating a party measure. It is probable the final vote on the bill will be taken early in the week, unless the whole question is allowed to go over until a caucus committee can frame a satisfactory bill. The rules committee is considering the advisability of giving one day to Representative Cooper's bill for subjecting greenbacks and Sherman notes to state and local taxation.

The sugar schedule will again this week be the central point around which the proceedings in the senate will revolve. Among other lines of policy which have been discussed among the opponents of the bill is that of allowing the sugar schedule to be accepted as amended by the committee on finance without taking any vote on the schedule in committee of the whole, the object being that the opponents of the bill shall not be forced to show their hands at this time.

Senator Harris adheres to his determination to ask the senate to prolong its daily sessions into the evening, beginning with to-day. Some of the republican senators have taken his notice to mean that he will ask the senate to sit Monday until the sugar schedule shall be disposed of, but conversation with him and with other democratic senators indicates that his purpose is hardly so definite, but that the intention is to press as near to the goal as it may be possible to do. The republicans will probably resist the attempt to extend the sessions beyond 6 o'clock to the extent of at least demanding that a quorum be maintained, and some of them will decline to assist in making a quorum. The democrats have the pledges of more than fifty senators, including most of the populists and some republicans, that they will remain to aid in making a quorum as long as may be required. Meantime they will maintain their efforts to get the republicans to agree to fix a day for the final vote.

Hawaii's Contest With England.

WASHINGTON, June 4.—Necker Island, the prize for which Hawaiian advisers intimate the provisional government and England are striving in an ocean race between the steamer Illand and H. M. S. Champion, has been the subject of considerable discussion in the last two years. The island was for a long time in disputed possession of Americans interested in an island venture, and when it was announced some time ago that the English flag had been raised over the little domain in the Pacific England's policy was severely denounced. The island is described as being a lagoon island with a reef of quadrilateral form. Fish abound of a superior quality, and birds are extremely numerous.

Bankers and the New Bond Issue.

CHICAGO, June 4.—Local bankers differ a good deal in their opinions of Secretary Carlisle's proposed new issue of bonds. All are agreed that the government must either issue them or "go broke," but there it ends. Lyman J. Gage thinks there will be a good deal of difficulty experienced in selling the bonds. He thinks Chicago will take few, if any of them. J. J. Mitchell says he thinks the bonds will sell readily and that Chicago can be counted on to take from \$8,000,000 to \$10,000,000 worth. J. J. P. Odell thinks the bonds will sell slowly and that Chicago will not want any.

The Indian Appropriation Bill.

WASHINGTON, June 4.—Chairman Holman of the Indian committee is pressing with the Indian appropriation bill, and its consideration will come immediately after the state bank debate, unless Mr. Cooper secures an intervening day for his greenback tax bills. The Indian bill will be warmly discussed, as there is a disposition to question the wisdom of many of Mr. Holman's reduction. The debate is expected to last a week.

In Honor of Gen. Neal Dow.

NEW YORK, June 4.—The international temperance congress convenes at 10 a. m. in the big tabernacle in prohibition park, Staten island. At the principal meeting held yesterday afternoon Gen. Neal Dow of Maine was the most conspicuous figure. The venerable apostle of temperance sat in the center of the platform in a big rocking chair which was covered with roses. Especial honor was paid Gen. Dow because the gathering delegates were celebrating the forty-third anniversary of the signing of the first prohibitory law in Maine.

BOY BURNS TO DEATH IN THE IOWA FIRE.

BLAZE IN OTTUMWA HAS A FATAL OUTCOME.

Five Blocks of Business Houses and Residences Destroyed—One Man Fatally Injured and Several Others Severely Hurt—Heavy Money Loss From the Blaze.

OTTUMWA, Iowa, June 4.—Fire started in Seymour's cooper shop yesterday afternoon and burned a boy to death and fatally injured a man. Several others were more or less severely hurt.

The dead: JAMES SEYMOUR, dwarf boy; burned to death.

The injured: BURT BATTERSON, suffocated; will die. JERRY SEYMOUR, overcome by heat and hurt by a falling wall.

NICHOLAS REXNER, leg broken.

It was about 1 o'clock when the blaze started near the business portion of the city and at 5 o'clock in the afternoon five blocks of business houses and residences were in ashes. The estimated loss is \$225,000, about two-thirds covered by insurance. The day was frightfully warm and scores of women fainted and many men were overcome by the heat. Besides the twenty families who lost their all as many more were compelled to move out hastily, among them being Superintendent O. E. Stewart of the "Q" and Calvin Manning, whose residence narrowly escaped. Baker Bros.' cold-storage warehouse was saved, but the contents are supposed to be a total loss, because of the heat. The fire is supposed to have started from a spark from a passing locomotive.

During the progress of the fire injuries by falling timbers and persons succumbing to the heat and smoke became so frequent that the physicians of the city who were on the ground started an improvised hospital in an adjacent yard and administered aid to the unfortunates. There were about twenty victims to the heat and smoke, of whom one, perhaps two, will die.

Several explosions occurred, believed to be at the burning drug stores, and to add to the horror a trolley wire burned off and fell, knocking down a horse and badly burning a fireman named Rouse.

Thieves appeared on the scene and added rapine to the disaster. Numerous articles were saved from the flames only to find their way into the clutches of these human hyenas.

Kelly's army, which was in the city, contributed their quota of aid, and a number of them worked gallantly under the direction of the chief of the fire department. The homeless are being cared for by tender hearted citizens.

FATALLY SHOT BY A MINISTER.

He Resents the Slander of His Daughter at Tipton, Ind.

TIPTON, Ind., June 4.—Rev. Perry Cox, a prominent Dunkard minister, fatally shot William Goodnight yesterday in the law office of Gifford & Gifford. Both parties to the shooting live at Kempton, a small town west of Tipton. Some months ago Goodnight made some slanderous remarks about Mr. Cox's daughter, which was resented by the father. Suit was brought in the Circuit court of the county and both men came to Tipton to make depositions. While in the office Goodnight repeated his assertions and Mr. Cox, angered beyond endurance, sprang to his feet and drawing a pistol shot him twice, the first ball entered Goodnight's head, the second his groin and he fell to the floor. Friends interfered and Cox was taken away and later to jail. Goodnight is a prominent and wealthy farmer. Mr. Cox was released under \$10,000 bonds. Goodnight is yet alive, but the attending physicians say he can not live.

To Pay Cherokee \$6,500,000 To-day.

MUSKOGEE, I. T., June 4.—The Cherokees have received the first installment of one-sixth of their money and the big payment of more than \$6,500,000 will begin Monday at Tahlequah. More than 24,000 Cherokees will share the money. Great crowds, traders, fakirs and sharps are flocking to Tahlequah in the hope of getting some of the cash. It is estimated that the merchants have traded more than a million dollars in strip claims and it is now a question how closely they will collect.

Oregon Elects State Officers To-day.

FOOTLAND, Ore., June 4.—Oregon to-day will vote for a full state ticket, members of congress, and legislature to choose a successor to United States Senator Dolph. The legislature will in all probability be very close. In many counties the democrats and populists have fused on the legislative ticket and the majority heretofore held by the republicans will surely be reduced if not overcome.

Murdered His Coachman.

BIRMINGHAM, Ala., June 4.—W. L. Lunsford, a wealthy young man, shot and killed his coachman, Arnold Taylor, a negro, yesterday. Lunsford bade Taylor clean a horse. Taylor hesitated and Lunsford shot him. Lunsford gave himself up and is now in custody of the sheriff.

Superintendent Lowell, of the

Waupaca city schools, has resigned to take a course at the state university.

GREAT MUSEUM OPEN.

Field Columbian Dedicated to the People at Chicago.

CHICAGO, June 4.—In the presence of 10,000 enthusiastic Chicagoans the already famous Field Columbian Museum, the epitome and memorial of the World's Columbian Exposition, was formally opened to the public Saturday. The dedicatory exercises were brief and simple, and at their conclusion the people took possession of the splendid gift presented to them by the generosity of Chicago's philanthropic citizens. The doors opened to-day will not be closed on any day in the year, and this noble monument to Chicago's enterprise and public spirit will always be accessible to all who wish to enter it.

Refuse to Accept the Reduction.

MURPHYSBORO, Ill., June 4.—Representatives of the conductors, brakemen and switchmen's organizations of the St. Louis division of the Mobile & Ohio railroad held another conference here yesterday relative to the proposed cut in wages. President Clarke made the men the same proposition that has been accepted by the men south of the Ohio; that is, a 4 per cent reduction to hold for one year. The men declined to accept this. The reduction the railroad officials now propose to make is equal to 7 per cent, and they claim that the scarcity of business positively requires the reduction. No agreement was reached, and the meeting adjourned to meet again next Saturday and decide whether to accept the reduction or not. The company's shops at Murphysboro, employing about 100 men, were closed down on account of slack business.

Hunt for Alien Laborers.

WASHINGTON, June 4.—Superintendent Stamp of the immigration bureau, treasury department, is taking steps to prevent alien contract laborers from taking the places of striking miners in the coke and coal regions of Clearfield and Connelville, Pa. Two inspectors were sent to Pennsylvania to-day to look out for alien contract laborers, and instructions were also sent to immigrant commissioners at Atlantic seaboard ports to watch incoming steamers.

Negro Lynched By a Mob.

DUBLIN, Ga., June 4.—About ten days ago a negro was caught in the room of Mrs. Cooney, who lives about fifteen miles from Dublin. Mrs. Cooney awoke and the negro jumped out of the window and ran. He was arrested and put in jail here. Last night at 11:30 o'clock a mob entered the jail, bound and gagged the jailer, who was asleep, took the negro three miles from Dublin, tied him to a tree and shot him about twenty-five times.

Hanged With His Shirt Sleeve.

OKLAHOMA, Ark., June 4.—A man was found hanging to a limb of a small tree two miles north of here and 100 yards from the Iron Mountain track. Papers on the body bore the name of G. W. Houston of Liberty, Ill. His skull was crushed. He was hanged with his shirt sleeve. There was \$30 on his person.

Raises Tariff on American Goods.

MADRID, June 4.—It is said the Cuban budget will show a surplus of \$25,000, attained by raising the tariff on American imports, lowering the export duty on tobacco and sugar, and admitting Spanish wines free with a view to excluding French and other wines.

Ran Into an Open Switch.

ALTON, Ill., June 4.—A bluff line worktrain ran into a string of cars three miles east of here yesterday. The accident was caused by an open switch. Engineer Barnard was killed and Fireman Harrison badly wounded. Some of the workmen were injured.

Orator to a Countess.

QUEENSTOWN, June 4.—An enormous crowd awaited the arrival of the steamer Etruria this morning to welcome the countess of Aberdeen. Among the purposes of her visit is the advance of the Irish industrial association. The countess was presented with several addresses.

Vigilant Under Full Sail.

NEW YORK, June 4.—The German steamship Slavonii, which arrived this morning from Christiansand, reports that yesterday afternoon at 3 o'clock, off Montauk point, she passed the yacht Vigilant, under full sail, making between ten and twelve knots per hour.

Eats Strong Soap and Dies.

CHESTER, Ill., June 4.—James Murray, a convict in the prison here, sentenced from Marion county for larceny, yesterday secured a large bar of lye soap. This he ate and died in convulsions.

Negro Democratic League.

WASHINGTON, June 4.—C. H. J. Taylor, president of the Negro National Democratic league, has issued a call for a convention to be held in Indianapolis Aug. 2.

New Pest Makes Its Appearance.

WEBSTER CITY, Iowa, June 4.—A new pest has appeared in the corn fields of this vicinity in the shape of a small yellow worm an inch long and is creating havoc with the crop.

Mr. Gladstone Rapidly Recovering.

LONDON, June 4.—Mr. Gladstone has so far recovered from the effects of the recent operation he underwent for cataract that he drove out yesterday in a close carriage.

FAIL WITH \$300,000 SURPLUS ASSETS.

SLOW COLLECTIONS CAUSE A ST. JOSEPH CRASH.

Steele & Walker, the Wealthy Wholesale Grocers Become Enmeshed and Are Unable to Make Collections Rapidly Enough to Save Themselves—Runs Made on Two Banks.

ST. JOSEPH, Mo., June 4.—Steele & Walker, one of the largest wholesale grocery houses in the west, assigned this morning. Their liabilities are seven hundred thousand dollars, and their assets one million. Poor collections in consequence of runs being made on two banks in the city, the cause. People are much excited.

TRAINS STALLED BY FLOODS.

Four Held at Lamar, Colo., Where the Bridge Is Down.

LAMAR, Colo., June 4.—Fifty feet of the south end of the bridge across the Arkansas river gave way before the flood and last night twenty-five feet on the north end was swept away. The river covered all the bottoms and was a mile wide at the bridge. The Santa Fe tracks east and west are submerged, and at Powers, seven miles west, several hundred feet of track is washed out. All the irrigating canals are filled and some of them broken. A number of farms along the river have been greatly damaged, the crops being washed out. Four passenger trains west-bound are held here. The river is slowly falling and it is believed the worst is over.

DENVER, Colo., June 4.—J. E. Mur-

den, contracting freight agent of the Union Pacific, who walked from Central City to Golden, says: "Every mine in Central City and its vicinity is flooded and there is not a vestige of placer mine left in Clear Creek. The mining men in Central City estimate the loss to the county at \$500,000. It is not known when the Gulf will commence running trains again to Central City and Georgetown. I counted sixty-six washouts."

PORTLAND, Ore., June 4.—The flood is extending. A further rise of six inches will cut off the gas supply of the city. Retail stores are full of water, and many small houses have begun to go to pieces. The railroads are almost tied up. No word can be received from Columbia river points or from Washington. The flood will interfere with the elections to-day. Immense damage has been done at The Dalles.

ALLOWED CHILDREN TO DIE

Caused by a Greed for the Life Insurance at Bay City, Mich.

BAY CITY, Mich., June 4.—A sensation has been caused here by the publication of an interview with Sanitary Officer Wyman in relation to the deaths of certain children from alleged neglect of parents in cases of diphtheria for the purpose of securing the small amount of insurance upon their lives. The sanitary officer says that the cases have occurred so often that he is forced to believe that the shameful neglect and carelessness of parents were due to the fact that the lives of their children were insured. Experience has convinced him that in several instances innocent lives have been sacrificed to an insatiable greed for gain.

The policies range from \$15 upward and are carried by a company which makes a specialty of juvenile business. Where children had died of diphtheria because medical assistance was called too late the fact was brought out by the sanitary officers on inquiry of parents as to their neglect that the lives of the little ones had been insured. The unfeeling manner in which the explanation was made left no doubt in his mind that the lack of attention was premeditated, and that little regret was felt at the result.

BASEBALL REPORT.

Percentage of the Various Clubs in the National League.

The following table shows the number of games played and the positions of the clubs composing the National league up to to-day:

Clubs	Games Played	Won	Lost	Per Cent.
Baltimore	28	19	9	.679
Cleveland	30	20	10	.667
Pittsburgh	33	22	11	.667
Philadelphia	30	20	10	.667
Boston	33	21	12	.636
Brooklyn	32	17	15	.531
New York	34	16	17	.485
St. Louis	34	16	18	.471
Cincinnati	30	11	19	.367
Louisville	31	10	21	.323
Chicago	32	10	22	.313

At Boston—Boston, 11; Cleveland, 2.

Grand Trunk Men Fail to Meet.

BATTLE CREEK, Mich., June 4.—The meeting of Grand Trunk employees to be held here to form a system federation gave way to a meeting of the Brotherhood of Locomotive Engineers yesterday to listen to the report of its delegate to the national convention.

COXEY'S MEN CAME SATURDAY NIGHT.

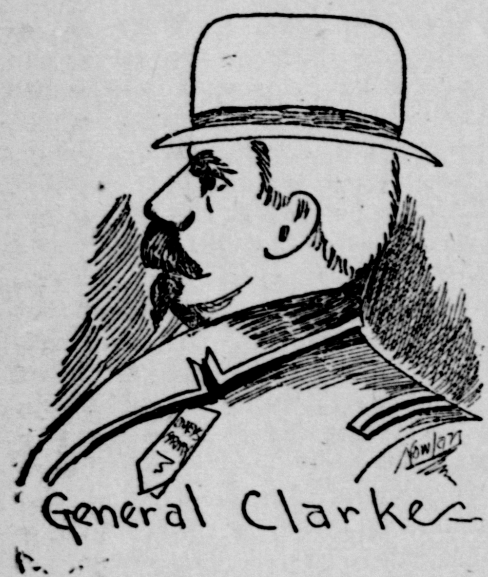

GENERAL CLARK'S MEN PASS THROUGH JANESVILLE.

Not All Tramps Although There Were Tramps Among Them Says Officer Hogan—Want Immigration Stopped—Claim to Be Law Abiding Citizens, Not Train Stealers.

Thirty-five Commonwealers of Christ rolled into Janesville on the 9:10 freight train from the north on the Chicago & Northwestern road Saturday night, and the next south-bound train took them out.

"Were they tramps?" No; not by a jugful. There was an air of respectability about them, and their conversation was carried on in a low voice. There were no loud mouthings among them, and the coarse and ribald jest of the "hobo" was missing.

When the train stopped in the yards the "army" left the freight train and seated themselves in the grass along the track below the round house. Here they sat when Officer Hogan called.

One of the army had worked on a farm near Janesville for a man named McCarty. Officer Hogan recognized him and the man knew the officer.

"Mr. Hogan, this is Captain Herbert Cox, the second in command," said the ex-Janesville man as he turned to an athletic looking "wealer," who stood at his right.

"Glad to meet you," said the captain; "allow me to make you acquainted with General Clarke."

The contrast between the two leaders was marked. General Clarke would have to stand on tip toe to measure much over five feet in height, and was not thick set either. His figure was far from commanding but a heavy black mustache that shaded a crotch on a square and determined chin told plainly of a will power that made up for lack of imposing form.

Six feet in height, one hundred and seventy-five pounds in weight was Captain Herbert Cox his lieutenant. A brown Fedora hat crowned the head of light sandy hair and a heavy sandy mustache curled up on the ends. His suit was of brown and a woolen negligee shirt of black and white stripes made him look very neat indeed. Brown and broad shouldered was he and evidently a respectable mechanic.

"We are law abiding citizens," said the general "and we intend to keep within the law."

"But, he added with a touch of firmness in his voice, "the railroad men must not think they can herd us like cattle. As long as we are treated like white men we will act as such. When we are pounded we pound back but not until then."

"What is your object in going to Washington?" was asked of him.

"Our principal aim is to get immigration stopped. We have been two weeks getting down from Minneapolis and there are other divisions ahead and behind us."

"Those men were not tramps," said Officer Hogan in speaking of them afterward. "They appeared to be a pretty good class of men, although I presume that there are some tramps among them. They came into Evansville in one car, that is all but some who were in a car that was switched out. These were not lost and got here ahead of the army. I

found three of them in Forest Park and they asked the way to the depot. They looked rusty, but I would not call them tramps. One was a nineteen-year old boy, with long curly hair and a very good face. Captain Cox was glad to see them back and told me about their getting separated at Evansville."

Carried the American Flag.

The delegations were genuine Coxeyites and each one wore a badge lettered "Coxey's Army" and shoulder straps of red, white and blue ribbon. The standard bearer carried a small American flag, such as is used in decorating for the fourth of July. Many of them carried blankets rolled up in cloth. They claimed that an injustice was done them in the newspapers by

calling them a "lawless band," and insisted that the railroad men were not hired to fight them. No trouble would have occurred at Avoca if the train men had not exercised "undue authority" and tried to scare them out. They claimed that they did not resist the train men but insisted on riding if possible. At Avoca, for instance when the fast mail stopped to take a supply of coal, the Coxeyites rushed for it and climbed on the baggage, express and mail cars. Conductor Prescott ordered his men to throw them off but the army were defiant and refused to leave. The trainmen saw that they could not cope with the commonwealers, so they tried peaceably to induce them to leave. The Coxeyites only laughed at them and didn't budge and the engineer was ordered to start the train, which left with all the Coxeyites aboard. This they claimed was not "train stealing" but simply "ride stealing."

Detectives "Bounced" Them. When the train pulled out of Janesville all was serene but the train crew notified the Chicago officers of the cargo they were carrying and the train dispatcher answered to side track at Harvard and not move a wheel until the commonwealers left. The order was complied with and the 'wealers tumbled off and boarded the first south bound train that came along. The conductor of this train also notified the Chicago office and this time prompt measures were taken. Chief of Detectives R. H. Johnson and nine of his best men were sent to Barrington on an engine and when the 'wealer loaded train rolled into that station the detectives fell on the Coxeyites; smote them anywhere that came handy, drove them from the train and off the right of way. The 'wealers then marched across the country to the Wisconsin Central line. The Northwestern officials have made up their minds not to let Coxeyites ride, and between here and Chicago officers are said to be on duty along the right of way, to keep them from traveling on tie passes.

THE REV. G. A. TREVOR INVITED He Will Deliver the Baccalaureate Sermon At Lawrence.

The trustees of the Lawrence university at Appleton have conferred the report that they have withdrawn the invitation extended to Rev. E. L. Eaton of the Washington avenue church, to deliver the baccalaureate sermon to the graduates of the university commencement day by announcing that the Rev. George A. Trevor, formerly of Court Street church but now of Fond du Lac, has been chosen to deliver the sermon.

Until the Rev. Mr. Eaton gave utterance to what displeased the trustees of the university he was considered to have excellent chances to be elected to the office of president, which has been vacant for some time, but he evidently did not aspire to that position. The Rev. G. A. Trevor is looked as the strongest candidate since the Rev. Mr. Eaton's fall from the board of trustees' favor. He was once a member of Lawrence faculty and is a graduate of the institution. He is recognized as an able scholar and an energetic clergyman.

All Sold Out.

A reporter for The Gazette happened to drop into the Wisconsin Carriage Top Co's. factory this morning, and there met Mr. Vandewater, the manager, who was up to his eyes in business. In looking around we discovered that there were no buggies in the house that were finished, and that this company were running full force. Mr. Vandewater told us that they were completely sold out, and were behind on their orders, and could not turn out buggies fast enough, so great is the demand. Everybody was busy and in a day or two they will have several more buggies completed ready for inspection. The goods they manufacture are fine ones and hold the lead in Wisconsin.

BIG WATERTOWN BALL PLAYERS BEATEN.

Janesville Men Fielded In a Way That Was the Admiration of Cranks and Batted When Batting Was Most Needed—Play in Madison Wednesday.

It was another pretty game that was played yesterday afternoon between Watertown and the Athletics at Athletic park. Janesville got but three hits off Smith up to the sixth inning but after Birmingham's home run they hit him hard. McGinley was hit harder than usual but good work by the infield kept the visitors from scoring oftener than they did.

Ruddell and Steinberg did the best fielding for the visitors and J. Smith and Keil won the batting honors. As for Janesville Crall, Birmingham and Connors hit the ball hard enough to win most any game, while Connors, Birmingham and Dixon fielded their position in fine style. Lutz's decisions on balls and strikes were very poor and Manager McGinley should have umpired the game himself.

How They Won the Game.

George Wilbur tallied in the first on a base on balls and Frank Smith's muff of Birmingham's high fly. Two more counted in the second on John Wilbur's base on balls, Connors' two-bagger and McGinley's sacrifice fly to left. Watertown tied the score in their half of second on singles by Keil, Roesler, Smith and Steinberg, and Dixon's poor throw to catch Smith off first base. Two baggers by Joe Smith and Oestrieker scored one for the visitors in the fourth inning but Birmingham's home run tied the score again in the fifth. In the sixth was where the fun came. John Wilbur got four wide ones. Connors flew out to Edwards. Roberts reached first on A. Roesler's fumble. McGinley went out from Edwards to Steinberg. Smith was afraid of George Wilbur and gave him first on balls, filling the bases. Birmingham came to bat and was loudly applauded. Mike had three balls and two strikes on him with the score a tie and a man on each base.

but the happy third baseman sent joy to the hearts of all the cranks by lining the ball over second and sending in three men. Mike scored on singles by Morrissey and Crall. Crall was caught between third and home and put out. Watertown scored their last in the seventh on O. Roesler's two bagger and Keil's single.

Runs Were Plenty.

The locals made a Garrison finish in the eighth John Wilbur's base on balls, Connors' and Birmingham's singles, two baggers by Roberts and George Wilbur, and Crall's home run sent five runs over the rubber. The score was:

SATURDAY RACES IN EVANSVILLE

Prairie Lily and Dwight S. Winners In Lively Time—Fire Near the Village

EVANSVILLE June 4.—There was a good attendance at the Saturday's races at the Evansville Driving Park. The first race half mile heats, best 3 in 5, was for pacers, of which there were three entries, "Princess Wilkes" owned by D. Mitchell, Evansville, "Prairie Lily" owner, Fred Boyce, Brooklyn Wis., and "Stranger" owned by W. M. Stone, Clinton, Wis. The first three heats decided the race, Prairie Lily taking first place and Princess Wilkes second in each heat. Time 1:12, 1:13 and 1:12. A free-for-all trotting race came second. As in the previous race it was one-half mile heats best 3 in 5. The following horses were entered. "Dwight S." owned and driven by Mr. Hanson, of Stoughton Wis., "Nancy Hanks," owner D. C. Brewster, Evansville and "Rowdy Boy" owned by M. H. Broderick. Dwight S. took the first three heats and the race, Nancy Hanks making an easy second and Rowdy Boy third. Time 1:15, 1:15 and 1:11. The last, a half mile running race, best two in three. The entries were Grover, owned by Frank Sadler, of Janesville; John W., owned by James Keegan; Tambourine, owned by Mitchell, of Albany; Headlight, owned by M. H. Broderick, of Evansville and Black Beauty, owned by Reilly Searles, of Evansville. The first two heats were easily won by Grover, John W. taking second place, Tambourine third, Headlight fourth and Black Beauty fifth. Time, 55 and 56 seconds. It is the opinion of many who have seen her move that Boyce has the fleetest three-year-old pacer in Wisconsin if not in the whole country. Michael Finneran's house, a few miles from Evansville, was totally destroyed by fire Friday. It was partially insured. Eugene E. Cowden, of Nashville, Tenn., is a guest of his father-in-law, J. S. Conrad. Mr. Cowden is a valued employee of the Louisville & Nashville railway. The graduation exercises of the Evansville high school were held at Magee's hall Friday evening. There were three graduates, Misses Crystal Stair, Myra Mihills and Roy Richards. Miss Stair reviewed the question of "Tramps" from the days of Hager and Ishmael to the progressive type of the 10th century, as portrayed by Coxey et al. Miss Mihills chose for a theme the "Unsalted Generation," and in a striking, original, and amusing manner depicted the "freshness" extant in this and other lands. Mr. Richards indulged in "Speculative Trading," and from the masterly way he handled the "bulls" and "bears," from the board of trade to the United States senate, one would think he had been there and learned "the ways that are dark."

A party of Coxeyites from Minneapolis under the command of "General" Clarke, spent several hours in our city yesterday. They expect to join "General" Wilson's force in Chicago Park. All of the tramps—beg pardon, common wealers—wore badges advertising a patent corn cure. Gilbert McKeely M. D., of Red Cloud, Neb., spent Sunday with his sister, Mrs. O. S. Shepard. Mrs. Ada Chapel, of Great Bend, Kansas, is visiting relatives here, after many years of absence.

JACK MAGUIRE TAKEN FROM JANESVILLE TO KANSAS.

Despite the Knowledge That Two Women Already Bore His Name He Strove to Win the Affections of Another and Did Get Away With Her Cash.

"Jack" Maguire left last evening for Topeka, Kansas, in custody of the Topeka sheriff. Jack has been doing some very clever work for Cupid of late, if reports be true. He has been twice married, and while two women bearing his name are still living he has been making love to a third in Kansas. Besides making love to the Kansas lady he succeeded in getting all her wealth, some four hundred dollars in cash, and then left the country. Kansas officers have been looking for him a long time. He was arrested last evening at his home, 256 North Bluff street, by Chief Acheson and Patrolman Hogan. The sheriff of Topeka was in Madison, and being notified of the arrest procured requisition papers and left for home last evening with his prisoner. Maguire lived in Janesville for some years. His first wife, from whom it is said he is not divorced, lives in Mumford. The charge now pending against him in Kansas is larceny. Whether the Wisconsin officers will arrest him for bigamy or not remains to be seen. At first, Maguire did not take kindly to the arrest on Saturday, but Janesville's two big men lost no time in persuading him to accept a ride in the patrol to the Bear hotel.

When It Happened.

In a civil action on money matters the plaintiff had stated that his financial position was always satisfactory. In cross-examination he was asked if he had ever been bankrupt.

"No," was the answer.

Next question was: "Now, be careful. Did you ever stop payment?"

"Yes," was the reply.

"Ah," exclaimed the counsel, "I thought we should get at it at last. When did that happen?"

"After I paid all I owed," was the answer.—Argonaut.

A GOOD RECOMMENDATION.

Lady (to applicant)—I am afraid you will hardly suit me. In fact, I don't intend to engage another Irish girl.

Katie—Ah, me, ma'am, I'm not Irish at all. Indade, it's half the toime I'm taken for an American lady.—Harper's Bazar.

He Might Have Known It.

"Did you get much royalty on that last song of yours?" asked the wife of a literary man on his return from his publisher.

"Not a cent. It doesn't sell. The title killed it," was the reply.

"What is the title?" she asked.

"The title is: 'Would That I Were Young Again.' Not a single woman in the whole country will sing it."—Alex Sweet, in Texas Siftings.

Profitable Instruction.

"So your wife has been to the cooking school?" said one man to another.

"Yes, and I'm glad of it."

An incredulous look came over the face of the first speaker.

"Did it improve your dinners?" he asked.

"No. It convinced her that she doesn't know how to cook and she has quit trying."—Washington Star.

Carrie—It isn't possible?

Harold—It is true, I can assure you.

Carrie—But—

Harold—Why I heard her say just yesterday that she was only twenty-eight.

In Hard Luck.

Gus de Smith—Love is a curious thing. I always had bad luck in love affairs.

Pete Amsterdam—Is that so?

"Yes, my first sweetheart died, my second went back on me, but there was no let up for me in the way of hard luck. I married my third."—Texas Siftings.

Two of a Kind.

First Liar—My grandfather had a cat which hatched out hen's eggs and then nursed the chickens.

Second Liar—That's nothing. My grandfather had a poodle which sat on a porcelain egg and hatched out a tailor's goose.—Hullo.

It Didn't Pay.

Saidso—I never had but one quarrel with my wife in all our married experience.

Heardso—How did that happen?

Saidso—She went into hysterics, and it cost me ten dollars for a doctor.—N. Y. World.

A Disputed Case.

Many persons dispute the question as to whether or not baldness caused either by disease or neglect can be cured. In deciding the question allow us to say that most cases can be cured, while others can not. Only a specialist of years of experience can tell this. Professor Birkholz, the world-renowned German specialist of the Masonic Temple, Chicago, where those who desire a good head of hair or beard can consult him in private, and free of charge. After a thorough examination, which costs you nothing, we will tell you whether or not you may procure that trait of personal adornment so necessary to your existence, and if we find that the follicles are not all dead, we will treat you and guarantee the results or ask no pay. Call on or address Professor Birkholz, 1011 Masonic Temple, Chicago, Ill.

The Yellow Glow of the Horizon.

Painted on the sky by the setting sun, is beautiful. Not so the yellow glow of a face tinged with bile, and oh! the unspeakable discomfort that bile in the wrong place produces. Twinges in the right side and under the right shoulder blade, nausea, vertigo, sick headache, constipation, faulty digestion. Not in an instant can the symptoms of biliousness be dispelled, but persistence in the use of Hostetter's Stomach Bitters will eradicate them, restore digestion and regularity of the bowels, and counteract tendencies to more aggravated complaints, which an interruption of these functions begets. Rheumatism, inactivity of the kidneys and bladder, neuralgia, and inability to sleep, are also remedied by the genial preventative and restorative of nerve force and tranquillity. As an antidote to the poison of malaria, it is unfailing and prompt. A wine-glassful three times a day.

FROM CLEVELAND'S FRIENDS.

Here are some descriptions of the tariff bill at present before the senate: The Evening Post says it is a "coward and corruptionist's bill."

The Louisville Courier-Journal characterizes it as "a mongrel piebald of patches and pusillanimity, grotesque hodge-podge of pretence and pettifoggery."

The Baltimore Sun affirms that the passage of such a bill would be "at once a legislative fiasco, a party humiliation, and a national misfortune."

The New York World describes the bill as "trust-begotten," and says that "no defence is possible."

The Boston Herald says that "the bill may be tariff reduction, but it isn't tariff reform by a jugful."

The Manchester Union thinks that the enactment of the bill "will work injury where it will be most harmful in results."

The New York Times pronounces the measure "an itemized bill of sale of the votes of the various democratic senators."

The Springfield Republican insists that "there is no record in the whole history of congress parallel to this display of incompetency."

The Providence Journal and the Brooklyn Eagle have expressed themselves in similar terms and with equal fervor.

All of these journals gave warm support in 1892 to Mr. Cleveland and the democratic candidates for congress. There is no organs of the democratic party which have a better right to speak for it than they.

AS SEEN BY JERE MURPHY.

The way to stop the Coxe army is to keep it moving.

The democratic congress could trade a few reformers for reformers to advantage.

The grand stand of the Chicago platform of 1892 could fall without hurting anybody.

It may be only a coincidence in national politics but Belva Lockwood is keeping mighty still nowadays.

What's the matter with the Hon. L. W. Nieman for candidate for governor on the democratic ticket?

There is a third daily paper to be started in Chippewa Falls, and Col. Clarence Clark is not at the head of the new enterprise.

It is only a question of time under democratic policy when the Milwaukee Journal will be able to offer a bushel of Wisconsin wheat for a coupon and ten cents.

We gather from the tone of Colonel Watterson's editorials that President Cleveland ought to have the Star-eyed Goddess of Reform subjected to the refraction treatment for the squint habit.

The Appleton Post does not hesitate to tell the Methodist brethren that Lawrence university would be better off with "fewer prayers and tears" and more ready cash. The Post may appear irreverent, but it talks like a bookmaker with a straight tip.

Secretary Carlisle gave Sugar Trust Havemeyer a letter of introduction to Senator Mills of the Finance committee purely as a matter of courtesy. Like enough, Senator McPherson gave his broker an order to buy sugar trust stocks purely as a matter of

compliment to the New York Stock exchange.

The Richmond preacher who took occasion on Decoration day to deny that the people of the south were rebels or wrong in 1861 should not be too harshly criticised. A gentleman holding much the same opinion was not long ago entrusted with a cabinet office and given charge of the pension business of the nation for no other reason.—Madison Journal.

An ingenious Sheboyganer has patented a process for covering buggies with a porcelain surface—a permanent finish that cannot be affected by exposure, by sand or grit in washing, or by mud spatters.

Economize.

One and a half teaspoonfuls Horsford's Baking Powder gives better results than two full teaspoonfuls of any other.

SHOW THEIR OWN KIN
TO GAPING CROWDS.SAD STORY OF A HAIRY-FACED
CHILD.

Father, Mother, Sister and Brother Have Lived off the Pitiful Sum They Got For Showing the Little Monstrosity That Had Come Into Their Family.

It was all Chief Acheson could do to keep the father of the Hairy-Faced Child from doing a ground and lofty tumbling act, using Professor Frank Smith for the mattress.

Steering the Hairy-Faced Child seems to be a warlike business.

Professor Smith stuck to it for four weeks.

Last night he took account of stock.

"A month's work, living on crackers and cheese, and just \$10 to show for it, beside the \$7 that I put in."

Thus he ruminated and today he declared his independence. He left the Hairy-Faced, the Hairy-Faced's father, the Hairy-Faced's mother, the Hairy-Faced's little brother and the Hairy-Faced's big sister in possession of the Milwaukee street store, where they have lived for a week and resigned.

War followed.

The story spread that all the cash the company had was with the manager, and Chief Acheson went in to investigate. He kept the father and Professor Smith from "mixing up" in a hand to hand fight, and finally he got a sight at the books. He decided to make no arrests.

Prof. Smith found the family in Freeport. Father, mother, brother and sister were living as they had lived ever since by exhibiting the pitiful child monstrosity that belonged to them by the closest bond of blood. They lived in the stores where the show was given, their food costing them a dollar some days and some days twenty-five cents.

"I could stand the freak and the mother," said Prof. Smith cheerfully as he discussed the situation with a reporter, "but another month with that old man and the brother and sister would drive me crazy. What will I do? Oh, I can do almost anything—lecture on sanitation, sell medicine, 'bark' for a side show, expound evolution or preach."

E. RAY STEVENS OFF FOR EUROPE

Janesville Boy Will Make a Tour of the Continent This Summer

E. Ray Stevens, of this city, who has mingled some very good newspaper work with his studies at the state university during the last two years, leaves for Europe tomorrow morning. He will furnish a series of letters on municipal comparisons between the old world and the new, these letters being published in Milwaukee, Chicago and Minneapolis.

PAST THE SORROW AND WEeping

Funeral of William Goodson.

The remains of William Goodson were buried in Mount Zion cemetery, six miles east of the city, this morning. Funeral services conducted by Rev. W. F. Requa of Court Street Methodist church, were held at the home of Mrs. L. T. Wilcox, 54 Hyatt street, at 10:30 o'clock. There was a large attendance, and many of the old settlers and friends of the deceased formed an escort of the funeral party to the burial place. The pall bearers were Ezra Dillenbeck, George Hanthorn, N. N. Jackman, M. J. Aiken, James McCarthy and Andrew Barlass.

Funeral of Henry A. Doty.

Rev. A. H. Barrington of Christ Episcopal church conducted the services at the funeral of Henry A. Doty this afternoon at 3 o'clock at the home, 112 North Main street. Many citizens listened to the impressive service. The floral tributes were numerous and very rich. After the services the remains were taken to Oak Hill for interment, the pall bearers being C. E. Ranous, C. B. Conrad, L. R. Treat, D. W. Watt, George H. Davis and E. B. Heimstreet. A line of carriages filled with sympathizing friends formed the escort which accompanied the funeral party to the cemetery.

Funeral of Dr. Yungst.

The remains of Dr. Theodore Yungst were buried in Oak Hill this afternoon. Funeral services conducted by Rev. G. Kaempfein, of St. John's German Lutheran church, being held at the home of the deceased on South Franklin street at 2 o'clock. The song service was rendered by St. John's choir. There was a large attendance. Many of the family friends accompanied the funeral party to the grave. The pall bearers were Dr. C. L. Clark, C. C. McLean, Charles C. Russell, C. H. Kueck, H. W. Frick, Harry A. Moser.

MARRIED 'NEATH A JUNE SUN.

Many Friends Present at the Hunter-Weiser Wedding To-Day.

This afternoon at 5 o'clock there was a pleasant social gathering at the home of Mr. and Mrs. W. E. Wisner, 106 South High street, the occasion of the marriage of their only daughter, Miss May Wisner and W. G. Hunter, of Oelwein, Iowa, Rev. Dr. M. G. Hodge of the Baptist church, officiated. The groom is at present the train dispatcher at St. Joseph, Missouri.

The spacious home was filled with guests, many being from abroad. The bride was attended by Miss Maud McDonnell and Miss Lena Phillips, and Miss Bird Fairban. Mabel Granger, of McHenry, Illinois, was the maid of honor. The groom was attended by the bride's brother, Roy Wisner. The parlors were beautifully decorated with flowers and ferns, a handsome arch at one end of the main room, beneath which the bride and groom and attendants stood while the wedding march was played by Morgan D. Wise.

The bride wore a beautiful dress of lavender silk, trimmed with lace, ribbon and flowers. The attending ladies wore dresses of different shades, white silk, blue silk, and the maid of honor pink. It was a pleasant scene to look upon.

Among those present from other places were Mr. and Mrs. F. K. Granger and daughter Miss Mabel, of McHenry, Illinois; George Smith and wife, Charles Granger and wife, Ed. Granger, of McHenry, Illinois; Miss Helen Granger, of Waukegan, Illinois; J. F. Wisner, of Rockford; Miss Bird Fairban, New Hampton, Iowa; Miss Lena Phillips, of Oelwein, Iowa; Mrs. P. Moulton, Elgin; Miss Gertrude Granger, Milwaukee.

The bride was the recipient of many handsome presents, including a very elaborate china tea set, and silverware that loaded a table.

Mr. and Mrs. Hunter leave on the evening vestibule for a few days' visit with Minnesota friends, returning to Janesville the last of the week, and after a few days spent in the Bower City they will go to their new home in St. Joseph, Mo.

WHY HORSES ARE SO CHEAP.

Janesville Man Has the Question Answered Very Promptly.

An Orfordville farmer brought a very fine looking horse to the city on Saturday offering it for sale at fifty dollars. The horse had such a fine appearance that several persons coveted the animal, but hesitated to buy it on account of the low price.

"The horse is dirt cheap at fifty dollars," remarked a professional who had been examining the horse. "Horses are very cheap now, and you can buy one for almost nothing."

"Do you know what makes horses so cheap now?" inquired the owner of the animal.

"No," replied the professional man. "What is it?"

"Because the government is run by a lot of jackasses."

MANY ODD FELLOWS GO NORTH

Janesville Sends a Big Delegation to the Green Bay Grand Lodge.

Janesville will be well represented in Green Bay this week, the occasion of the annual session of the Odd Fellows Grand Lodge, which convenes in that city to-morrow morning. The delegation from Janesville is composed of the following prominent Odd Fellows and Rebekahs: Grand Representative James A. Fathers, Past Grand George A. Warren, R. H. Clark, W. C. Mitchell, John Joerg; and Rebekahs Sarah A. Angell, Nellie Blakeley, Fred Taylor, Nellie Blanchard, H. A. Pulloy, M. J. Conroy. The delegates went north at noon.

MANY FRIENDS OF THE SHAW.

S. C. Burnham & Co. Kept Busy Answering Questions About the Instrument.

S. C. Burnham & Co. are receiving many inquiries about the Shaw piano in consequence of The Gazette's offer. The Shaw already had a host of friends among the critical and well-informed musicians of Janesville. It is now winning those who had relied much upon the merits of a name. There is no upright piano in America today that can compare with the Shaw. No wonder so many wide-awake young ladies are anxious to win the Gazette prize.

Greatest Day in Nine Years.

Brown Bros. & Lincoln, the shoe merchants, enjoyed the greatest day, last Saturday, they have had in nine years. They had one day in December, 1890, that almost equaled it. They sold in all 250 pairs of shoes last Saturday, and were crowded all day.

Suits From a Big Concern.

We have just received five hundred men's suits from Browning, King & Co., being a part of twenty-thousand they distributed among their several stores. Those five hundred suits will be on sale tomorrow morning. See prices on another page. T. J. Ziegler.

BIG PLATTDEUCHER EXCURSION FROM WATERTOWN

Mission Service Held At Schoofs Grove By St. Paul's Church Rev. C. Proehl Officiating—All the Boats Kept Busy Until Late Last Evening.

Sunday was a lively day up the river. Crystal Springs saw a big gathering of the Plattdeucher Verein of Watertown.

An excursion train arrived here from Watertown at 9 o'clock Sunday morning, the party taking the steamers Columbia and Enterprise to Crystal Springs, where they spent the day in pleasure of all sorts. The Second regiment band, of Jefferson, furnished the music, and the Enterprise and Columbia made regular trips. The best of order was maintained on the grounds and Captain Buchholz left nothing undone that would add to the comfort of his guests.

Mayflower park was formally opened yesterday, the Mayflower making regular trips. Captain Griffiths had many visitors.

Both boats and street cars carried members of St. Paul's German Lutheran church to Schoofs grove. Mission services were conducted at 10 o'clock by Rev. Max Albrecht, of Milwaukee and at 2 o'clock by C. Proehl, of Lebanon, Wis.

Both boat landings were crowded during the day and until late in the evening with the coming and going.

CONCORDIA WILL MAKE MERRY.

New Hall to Be Dedicated Tomorrow Evening—The Programme.

There will be a big time when Concordia's new hall is dedicated. The society has one of the finest homes in the city—ample hard wood dancing floor, large refreshment room, check room, ladies toilet room, movable stage and other conveniences. Tuesday night the hall will be filled with invited guests and this programme will be rendered:

Overture, "Prettily as a Picture"..... Smith's Orchestra.
Song..... Concordia Society.
Address..... President of Society.
"The Liberty Bell March"..... Sousa
Orpheus Mandolin Club.
Cornet Solo, "Lizzie Polka"..... Professor W. Thiele.
Piano Solo, "Golden Dawn"..... Miss Irmgard Pfennig.
Vocal Duet..... Misses Hedwig and Emma Kueck.
Miss Julia Knief and Mrs. H. Keup.
Address..... Mayor J. Thoroughgood.
Song..... Selma Pabst; Zither Accompanist by Lotta Pabst.
Piano Duet..... Misses Hedwig and Emma Kueck.
Leiderkrantz..... Orpheus Mandolin Club.
"Memories of Home Waltz"..... Orpheus Mandolin Club.
Potpourri of German Songs..... Orpheus Mandolin Club.
Song..... Concordia Society.

After the above programme there will be a dance for which Smith's orchestra of twelve pieces will furnish the music. The affair will be invitation and they must be presented at the door.

"THE FAST MAIL" TONIGHT.

Strong Melo-Drama at the Myers Grand Theatre This Evening.

"The Fast Mail" which appears at the Myers' opera house this evening, is said to be the most successful scenic and railroad melodrama on the road, this season. Mr. L. J. Carter, the author and manager, has contrived to weave into a consistent story nearly all the good points of the sensational drama. The climax of each act is strong enough to sustain a whole play, yet so well graded are the features of the piece that one views with increasing interest through the five acts.

MISS PORTER RETURNS TO CHINA.

She Will Devote the Rest of Her Life to Missionary Work.

The First Congregational church of Beloit gave a farewell reception to Miss Mary L. Porter, who left today to return to China to re-engage in missionary work. Miss Porter is a daughter of the late Jeremiah Porter, and spent many years in China, returning to America and Beloit because of her father's declining years.

Friendly Robin Takes a Bath.

EDITOR GAZETTE—I had the chance to sprinkle a robin last Thursday, when I was sprinkling my lawn. Since then he has come each morning just about five o'clock, and comes close to me to be sprinkled by the spray nozzle. He took it several seconds last evening, and seemed to enjoy the bath very much. DR. WILLIAM HORNE.

FOR THE YANKEE BROWNIES.

What They May Wear In the Country and by the Sea.

Now is the season approaching when sand shovels and pails are in demand and the seaboard is alive with small architects and engineers. It is to be hoped that few mothers dress their children so that they are debared from enjoying to the full the delights of delving and paddling, for the childish desire for those harmless pursuits is a paramount one, and a little summer salt water splashing hurts nothing about a child except its clothes.

One mother has rather an ingenious way of protecting her little girl's gowns. She has made of brown holland a straight skirt twice as long as the child's dress skirt. Top and bottom are each gathered into a band of the right size to fit the waist, a placket hole being left of course. One band is then buttoned around the little girl's waist under all her petticoats and the other fastened around it outside the dress, and there are all the skirts protected.

BAPTISMAL ROBE.

from dust and spots. The holland can be taken off at a moment's notice, leaving the wearer presentable in spite of her play hour.

If a seaside child is to have the fullest amount of pleasure to be extracted from the conditions, he or she, regardless of sex, should be provided with a little wheelbarrow in addition to the usual pail and shovel. It is not an expensive indulgence, and the pleasure of transporting sand, stones and weed in such a vehicle is incalculable by any grown person. With these implements and an outfit of serge and duck frocks not too good for common use small boys and girls will be sure of a happy as well as a healthful summer by the sea.

Regulation sailor suits are much liked for little boys just out of kilts. These suits are made of navy blue or white flannel and have long flaring trousers and a blouse cut away in front to show the throat. A flat naval cap and low shoes accompany the costume.

A great many pretty and highly trimmed things are shown for infants' wear. For the benefit of women who like excessive elaboration in such garments a sketch is given of a baptismal robe of fine lawn decorated with valenciennes flounces and insertion, tucking and feather stitching. The tiny bodice is short sleeved and low necked and crosses in front, surplice fashion, being gathered into a belt. There is a novel addition to the gown in the shape of an absurd little lace basque.

NOT SOFTENED BY TIME.

Fashion's Enormities of Forty Years Ago Seen Even Worse Now.

We know that fashion changes from year to year, and that her freaks are often unmarked by wisdom and good taste, but we do not fully appreciate the enormities she commits until time has rendered them obsolete. A glance at the fashion plates in magazines of 40 years ago provokes boundless wonder as to how men and women ever consented to make such absurd spectacles of themselves. Consumptive gentlemen, with sloping shoulders and wasplike waists—the latter accentuated by a style of coat with a full basque gathered on to what women would call a plain bodice—ogle ladies who wear the fullest part of a full skirt in front and stand in poses that would drive a physical culturist to despair. If the women of two generations ago really carried her chest and shoulders so far in the rear of her

BLACK STRAW HAT.

head and the rest of her anatomy, how can anybody have the assurance to state that the girl of the present age is inferior in health to her grandmother?

These early declining persons wore white stockings, too, surely the most unbecoming casing for the feet ever adopted by a supposedly cultivated people, not excepting the white kid slipper. And such bonnets as the women appeared in beggar description. It may be accurately stated that the women appeared "in" the bonnet—so far in that only a direct front view revealed the fact that she had a face at all. An immense scoop of straw covered neck, ears and hair and extended so far forward as to preclude any glimpse of a possible profile. All these things were fashionable in the eyes of our immediate ancestors. Is it possible that 40 years from now our pretty things will seem equally preposterous to our grandchildren?

Our judgment is enough better than that of past times to tell us that a blank expanse of straw, however fine, is less attractive to the eye than a view of the face it sheltered. It has been many a day since the countenance was concealed by the head covering, and even our biggest hats leave the face to speak for itself. A fair example of modern fashion is shown in the accompanying sketch. It is a hat of black straw trimmed with black ostrich plumes. The brim is bent and caught up at the back, and black satin ribbon forms an additional garniture.

Much has been written of the Mammoth Cave, Kentucky, and yet the stories of its picturesque beauty, its enchanting domes and rock-strewn avenues have been but half told. But few there are who are acquainted with the interior. Among other sights of interest which there abound is a village of rude huts built in the years gone by. These were erected by a colony of consumptives, who thought that the even temperature (60 degrees Fahrenheit) of the cave would cure their disease. The damp air however, proved fatal and hastened the death of all. Earlier in years had they taken Dr. McChesney's Catarrh Cure, there is no doubt they would have lived to a ripe old age. \$200 reward for any disease of the nose, throat and lungs which this remedy will not cure. Don't experiment with inferior remedies. For sale by all druggists.

NOTICE TO CONTRACTORS

Notice is hereby given that at a regular meeting of the common council of the city of Janesville, to be held June 4, 1894, at 8 o'clock p. m., said council will proceed to act in relation to the work mentioned in the foregoing specification, the work to be completed by July 25, 1894. Until the time of meeting of the council, sealed proposals for the performance of said work will be received by the city clerk, who reserves the right to reject any and all bids. By order of the common council.

GEO. H. BATES, City Clerk.

Dated Janesville, Wis., May 25, 1894.

SPECIFICATIONS.

Specifications for grading, curbing and paving that portion of South Main street in the city of Janesville, state of Wisconsin, between the south line of East Milwaukee street and the south line of South First street, shall be as follows: Said street is occupied by and lies between the track of the Janesville Street Railway Company including a strip on either side of said street one foot in width and adjoining the rails of said track.

GRADING.

Said street shall be graded so as to bring its surface to a uniform depth of nine (9) inches below the established grade of the same; and in doing said grading the earth is to be excavated off to the required depth so as not to loosen the soil below. Also in all places in said street where trenching has been done for water, gas, sewer pipes or connections of any kind, such places shall be made firm and secure against unequal settling. If any filling is done in bringing said street to the grade, it must be done with sand or gravel, free from all perishable materials. After the surface has been shaped to conform to the pavement above, it shall be thoroughly rolled or tamped to make it secure against settling; when having been done a half-inch of two (2) inches of clean sand or fine gravel shall be spread in such a manner that the sub grade of said street shall be uniformly seven inches below the grade thereof, said last two inches to be well rolled or tamped so as to make it firm. The cross section of each side of said street from the gutter to the street curb shall be being shaped so as to form a segment of a circle, whose radius shall be three hundred feet, and at the center of the street to correspond with the grade of said street; the gutters shall be at such grade and depth as the city engineer shall direct. The gutters at a point two feet out from the curb shall be to be three inches lower than at the curb.

The grading of said street and the ballasting thereof shall be done under the direct ions of and to the satisfaction of a special committee appointed by the mayor of said city for that purpose.

All stone and block cross walks which shall be removed in grading said street and also all store rubble and such gravel as the abutment of the third ward shall see fit which is excavated in doing said grading and is not used in embankment shall be deposited for the said use and benefit of said city by the city clerk in such place or places, not more than one block away from the above designated street, as the said abutment shall direct, without extra charge to the contractor. All material excavated over and above what is used in embankment shall be deposited by the contractor beyond the bounds of said street without extra charge beyond the price paid for excavating the same.

The work shall be carried on in such a manner so as to impede and obstruct travel on said street as little as possible and yet be consistent with the speedy and economical completion of said work.

CURBING.

Curbstones shall be placed in such places as the special committee shall direct and are to be of good durable Waukesha limestone or other stone of equally good quality, free from seams, cracks or other defects not less than three feet long, twenty-four inches wide and four inches thick. The tops of said curbstones to be dressed to a depth of ten inches from their tops; the ends to be dressed to a depth of fifteen inches, so as to form close joints with each other. Said stones are to be firmly set on their edges to conform to their alignment and grade given by the above mentioned committee, and are to securely rest on a bed of gravel at least four inches thick, well tamped and to be thoroughly packed with sand or fine gravel at least four inches in width at the backs. The curbstones shall be laid in front of the two store numbers 18 and 20 South Main street to be cut back to a true line so as to be in true alignment with the curb on either side of it.

STRINGERS.

The surface of said street, having been brought to conform to the sub grade of the same; and having on its surface a ballast of at least four inches of good clean sand or fine gravel, well and thoroughly tamped, the stringers shall be laid at right angles across said sections of said street and at intervals of four feet apart, from center to center, good sound, well seasoned durable pine stringers, one inch thick, eight inches wide and not less than fourteen feet in length. Said stringers shall be free from rot, sap, wind shakes or other defects; they shall be well and firmly imbedded in the sand or fine gravel forming the ballasting so that the top surface of said stringer shall accurately conform to the grade of the street. When said stringers are thus laid, the sand or fine gravel between them shall be carefully dressed with a straight edge, so as to insure that the top surface of the ballast between the stringers shall present a smooth, compact and uniform surface, conforming to the sub-grade of said street, preparatory to laying the flooring.

FLOORING.

Resting on the stringers and the ballasting between them, shall be a flooring formed of good, sound, dressed lumber, free from rot, sap, wind shakes or other defects, one inch thick and from eight to twelve inches wide, and selected so that the joints shall be laid lengthwise of the street, in close contact with each other and to break joints throughout, their ends being sawed off square so as to form close joints.

PAVING.

Between the curbing and street car track on either side of said street and resting upon the flooring prepared as above specified, shall be a paving of cedar blocks, which shall form the road bed of said street. Said blocks shall have a uniform length of six inches, sawed from good, sound, live cedar posts, of from four to ten inches in diameter, free from bark, rot or other defects. They are to be placed on their ends upon the flooring in close contact with each other, and to be kept well driven up so as to form close joints and a firm road bed. During the process of laying the paving blocks, different diameters must be so arranged and placed with reference to each other, as to leave the smallest practical space between the blocks. Spaces approaching a square form must be avoided, and no sp or blocks of less than three inches in diameter will be allowed. All spaces between the blocks are to be filled with screened gravel of a quality, size and screening satisfactory to the above mentioned special committee. Said gravel is to be thoroughly tamped with proper tools until solid, and refilled and tamped, until the spaces have been completely filled with firm and solidly tamped gravel. The whole work to be done under the supervision and to the satisfaction of the above mentioned committee. After the filling shall have been completed the top surface of the paving shall be swept off with a coarse broom, and all loose material removed. The paving shall be covered with fine screened gravel to a depth of one inch.

CROSS-WALKS.

There are to be four cross-walks at the intersection of Court and Main streets and four at the intersection of South First and Main streets. Sidewalks shall be made by raising the pavement in the usual manner; three inches rise in the center of the walk, the same to be twelve feet wide and so constructed that the crown will be even and of such grade as directed by said special committee.

The street up to its completion shall be left free from rubbish and impediments of all kind. That portion of said street adjacent to and adjoining this improvement, and those portions of cross streets adjoining the same, shall be left in as good condition as they were just preceding the commencement of the work herein specified.

Connections of the pavement with sewerage, gas or water openings shall be substantially and properly made, and the street upon completion shall have a uniform smooth surface, conforming to the final grade and crown of said street, and it shall be left by the contractor in perfect order and condition. It is expressly understood that the contractor shall not be entitled to any allowance on account of injury to said street, by reason of rains or otherwise, during the progress of the work herein specified; or before the same has been completed and accepted as herein stated.

It is further expressly understood that the price per square yard named in the contract for paving said street, shall cover the whole cost of grading, furnishing, preparing and laying the stringers, flooring and paving blocks as herein specified and contemplated, and that the price per ideal foot, named in the contract for curbing said street, shall cover the whole cost of the taking up and removing of the old curbing, where required, and the furnishing, placing, setting and properly securing in position new curbing as herein specified. No charge shall be made for curbing unless in such place only where new curbing is directed to be put in by the special committee. No extra allowance will be made for the same.

These specifications are hereby declared to be a part of the contract for grading, curbing and paving said street. O. G. BLEEDEN, City Engineer.

Notice is hereby given that at a special term of the county court to be held in and for said county at the court house, in the city of Janesville, in said county, on the first Tuesday, being the 31st day of July, 1894, at 9 o'clock a. m. the following matter will be heard and considered:

. We Want You to Distinctly . Understand

that in our efforts to secure your patronage, only legitimate means will be used. If we cannot have your confidence, we do not want your trade. The success, primarily, of any business is naturally gauged by its money making capabilities. There is, however, something behind that ---namely, a reputation for commercial integrity. We are here to stay. In Janesville's growth we want mirrored our own. We realize that it takes time, ability and hard work to reach the zenith of success in mercantile life.

The public, as a rule, are extremely critical and jealous of their rights. We do not expect all the business, as it is simply an impossibility for any one firm to please everyone. We do expect, however, to have the lion's share of it. Our reasons for expecting it are easily demonstrated.

The present times are very prolific in bargains to the shrewd buyer. Our position was such that we were enabled to take advantage of every opportunity presenting itself for close purchasing.

The fruits of our close buying are all ready for your inspection. We have no old stock purchased at anti-panic prices to work on the trade. We do not intend to advertise a staple article with which you are perfectly familiar at less than cost, to induce you to visit us (a method as you are well aware, by many firms) Every article in our store is marked in plain figures. There will probably be no doubt about the price being cheaper than elsewhere. There will be no deviation from price marked. Our goods will be represented to you just as they are---no better or no worse. Your money will be refunded if they are not as represented. You have our gratitude for past patronage, and trusting to merit a continuance of the same, we are yours, to please,

BROWN BROS. & LINCOLN, The "Tenderfoot's" Friend.
